RENDEZ VOUS À CANNES

CANNES SKY SHOW SUMMIT 2027

THE GLOBAL EPICENTRE OF LARGE-SCALE SHOWS: WHERE HYBRIDIZATION, EXCELLENCE AND REGULATION CONVERGE

Building on the prestigious **Cannes International Pyrotechnic Art Festival**, this new professional event, organised by the teams of the Palais des Festivals et des Congrès, will take place on
23 and 24 August 2027.

This exclusive business event aims to bring together, structure and drive forward the ecosystem of aerial shows in response to the challenges of tomorrow.

A unique technology hub at the heart of the Palais des Festivals et des Congrès in Cannes, bringing together all the key players shaping the aerial shows of tomorrow.

Sectors represented : Traditional pyrotecnics, stage special effects (SFX), lightweight drone fleets, laser systems and immersive technologies.

Vision : To build a direct bridge between technology providers and creative designers. C3S is where technical expertise meets creative vision, transforming innovative tools into truly monumental works of art.
To foster connections between service providers — pyrotechnicians, drone show designers, technical production companies (sound, lighting, video, etc.) — and the worlds of entertainment, live events, public and private event production.

CONFERENCES

©Palais-des-Festivals-et-des-Congrès

A true platform for thought and expertise, C3S brings together industry professionals, experts and institutions through a series of conferences addressing the major challenges shaping the future of the industry.

23, August 2027

02:30 p.m. to 04:00 p.m.

Main Conference, *Sky Hybridization:* Rather than pitting technologies against one another (drones and pyrotechnics), C3S advocates for their synergy. Christophe Berthonneau (Groupe F), a global pioneer in large-scale hybrid celebrations, will share his vision of contemporary creation through some of his most acclaimed international projects.

23, August 2027

04:30 p.m. to 06:00 p.m.

Institutional Conference, *New Requirements for Public Procurement:* A panel of public-sector decision-makers and representatives of local festival committees will examine the expectations of commissioning bodies in the face of increasingly stringent regulatory, budgetary and environmental requirements.

24, August 2027

02:30 p.m. to 04:00 p.m

Shows Under Pressure: *Climate, Public Opinion and European Regulations — How Can We Build a Strong Pyrotechnics Lobby at EU Level?*

NETWORKIN & WORKING TABLES

©Palais-des-Festivals-et-des-Congrès

C3S capitalises on the city of Cannes' reputation as a major events hub to engage its networks of buyers and institutional clients.

Public-sector buyers : Local Authorities and Festival Committees.

Private-sector buyers : Major Event Producers, European Festival Directors and International Agencies.

WORKING TABLES: You Choose the Topics, You Shape the Discussion

Ahead of the congress, every participant is invited to suggest the topics they would like to see discussed. The most popular topics will then form the basis of collaborative Working Tables, bringing together professionals and experts to share experiences, compare practices and collectively develop solutions and common standards for the future of the industry.
